- Tennis
- Orienteering
- Karate

Leeds Jewish Free School is excited to announce the launch of Activ8, a dynamic new program introducing a range of sporting opportunities to inspire and engage our students. Under the Activ8 initiative, we're introducing eight fresh and exciting activities: ultimate frisbee, volleyball, boxing, karate, Krav Maga, orienteering, tennis, and table tennis. Each of these sports has been carefully selected to offer something for everyone, from team-based activities to individual challenges ranging from traditional sports to more unique activities.
